

CLARE TOWN COUNCIL

30 July 2013

Good news on Clare Castle Country Park

The negotiations with SCC concerning the transfer of ownership to the Town Council are progressing albeit more slowly than we would wish.

We do have good news to report in that the Town Council has signed a short term lease for the use of the Clare Park Centre which will enable especially youth groups in Clare to take advantage of the buildings and the park surroundings.

The first users will be the Budding Artists who are young children who will be learning the joys of art and painting.

We are particularly keen for other organised youth groups to take advantage of this facility, especially over the summer holidays. Interested groups should please contact clerk@clare-uk.com for further details.
